-NOTICE-

This manual is provided as an operating guide for the Mooney 201, Model M20J. It is important that you-- regardless of your previous experience--carefully read the handbook from cover to cover and review it frequently.

All information and illustrations in the manual are based on the latest product information available at the time of publication approval and all sections including attached supplements are mandatory for proper operation of the aircraft. The right is reserved to make changes at any time without notice. Every effort has been made to present the material in a clear and convenient manner to enable you to use the manual as a ready reference. Your cooperation in reporting presentation and content recommendations is solicited.

REVISING THE MANUAL

Page i of this manual is a "List of Effective Pages" containing a complete current listing of all pages i. e., Original or Revised. Also, in the lower right corner of the outlined portion, is a box which denotes the issue or revision of the manual. It will be advanced one letter, alphabetically, per revision. With each revision to the manual a new List of Effective Pages will be provided to replace the previous one.

This handbook will be kept current by Mooney Aircraft Corporation when the revision card in the front of this handbook has been filled in and mailed to Mooney Aircraft Corporation, P.O. Box 72, Kerrville, TX 78028.
